STOCKS REGOVER AND PRICES RISE

After Number of Reactions Advance Became General and Closing Was Strong

MARKET WAS STILL NERVOUS

Total Transactions for Day Fell Considerably Below Those of Monday.

(By Associated Press.)
NEW YORK, April 25.—The fright of
speculators in stocks showed evidence of
subsidence to-day and, as was to be expected, after the violence of the recent pected, after the violence of the recent downward plunge, there was a recovery in prices. Union Pacific, St. Paul and New York Central were the principal examples in the railroad list. In the industrial list an aggressive tone was taken on the recovery in some of the stocks which have offered comparatively good resistance to the decline, notably in the metal group. There was a very distinct falling off of interest in the market, however, and the servousness and feverishness were still perceptible. London resumed operations after a four-day interval of idleness and took our securities with such freedom as too make, a material aid in supporting the market. A number of the international stocks went one and two points higher during the first hour. The weight of the selling brought out by this opening bulge in prices had a decidedly chilling effect on sentiment, and a halling movement followed. With the downward tendency arrested and the upward turn established, less was heard of yesterday's runfors of hostillities in the railroad world, which pointed to a degree of bitterness that had prompted a contest for control of Union Pacific itself. A notable feature of the market on the recovery was the lessened volumie of activity, the total transactions for the day failing considerably below those of yesterday. Metal stocks shared fully and even exceeded the strength of the iron and steel issues, in spite of the weakness of the market for crude copper. The advance in prices did not become general for some time and was interrupted by a number of reactions before it was established, and carried to the strong closing. Call loans were easier, but sterring of stocks here for London account.

Bonds were steady Total sales, par vance, 2.65,000. United States, 2s, registered declined 1-8, and the 2s, coupon, advance of 1-12,600 shares.

CROP CONDITIONS.

(By Associated Press.)

WASHINGTON, D. C., April 25.—The weekly crop report of the Weather Bureaus says:
Cotton planting has been active, under favorable conditions, over most of the cotton belt, but was delayed by reins in Oklahoma and Indian Territories, Arkansas and Northern Texas. The frost of the 17th killed much cotton in portions of Alabana, Georgia and the Carolinas. C.ophing has begun in Southern Texas and portions of the Eastern Districts, and contivation in Southern Georgia.

Fruit prospects have been rather lessened during the past week throughout the Ohio Valley, East Gulf States and on the Atlantic Cost. south of New England, peatches suffering most.

NEW FINANCIAL PLAN FOR SOUTHERN ROAD

Reported Rearrangement of Relations of A. C. L. and L. and N.

L. and N.

(Special to The Times-Dispatch.)

NEW YORK, April 35.—It was reported in well-informed quarters yesterday that a new financial plan is in preparation in connection with the Atlantic Coast Line and Coustylile and Nashville in regard to the relations of the two companies. It is said that some arrangement is being made whereby the Atlantic Coast Line will guarantee seven per cent, on the Louisville and Nashville stock. At the office of Massrs. J. P. Morgan and Company, however, members of the firm refused to discuss the matter. Shares of both reads-were bouyant yesterday, despite the demoralized market. Atlantic Coast Line closed with a gain of 3,3-8 points, while Louisville and Nashville gained 4 3-4 points in yesterday's market and closed to-day with another gain of 15-1-4 in to-day's market. This is within 4 points of its highest record reached since 1922, when control was lost by August Bolmont and his associates.

Two factous, combined to force the price up. Gaewas addition of Gates people, so-called, and the other the belief that Atlantic Coast Line with the aims of the pool, but independent of this considerable credence was given the clew that guarantee 7 per sent. dividend on Louisville and Nashville surplus after charges was \$6,906,340 or over 11 per cent. on its stock. It's increase in gross for eight months of present fiscal year has been \$335,650, while the next increase for the same period was \$6,200.

Woodward and Smith Pay Visit
to Birmingham.
(Special to The Times-Dispatch.)
BIRMINGHAM, ALA., April 25.—Southern
iron merger talk was revived to-day, by the
presence in Birmingham of James T. Woodward, president of Hanover National Bank,
and James D. Smith, Woodward coming from
New York, and Smith from Mexico. Both will
attend the annual meeting of the Tennessee
Coal and Iron Company at Tracy City, Tenn.,
May 29th. They are now looking over the
properties of the Tennessee Company in Alabama. They weeline to talk of the merger,
but their presence here, together is ergarded
as significant, as they control a majority of
the Tennessee stock.

Applies for, Receiver,

(Spadal to The Times-Dispatch.)
ATLANTA., GA., April 25, The Virginia-Carolina Company has applied for a receiver for the Georgia Fruit Company. The petition asks that the Provident Savings Life Insurance Society, of New York, be restrained from selling 60 acres of orchard hand in Hancock county, on the ground that it is mortgaged to secure payment of a note for \$40,000, given by the Georgia Industria; Company.
